Plan Description

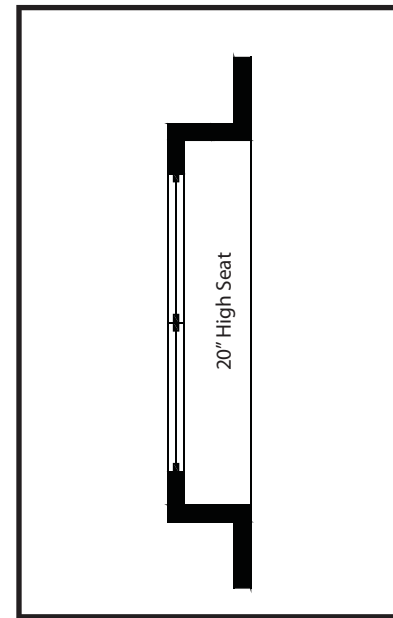

This popular one-story home is open and spacious in all the right places. The Kitchen has ample cabinet storage space and countertop space with island to provide plenty of bar top space and a great view into the family room and dining, making it the perfect home for entertaining. The master bedroom provides plenty of privacy from the rest of the home and boasts the "king of closets" with room to store all the clothes and shoes one's heart desires.

Like having a home builder in the family.
