2,421 square feet

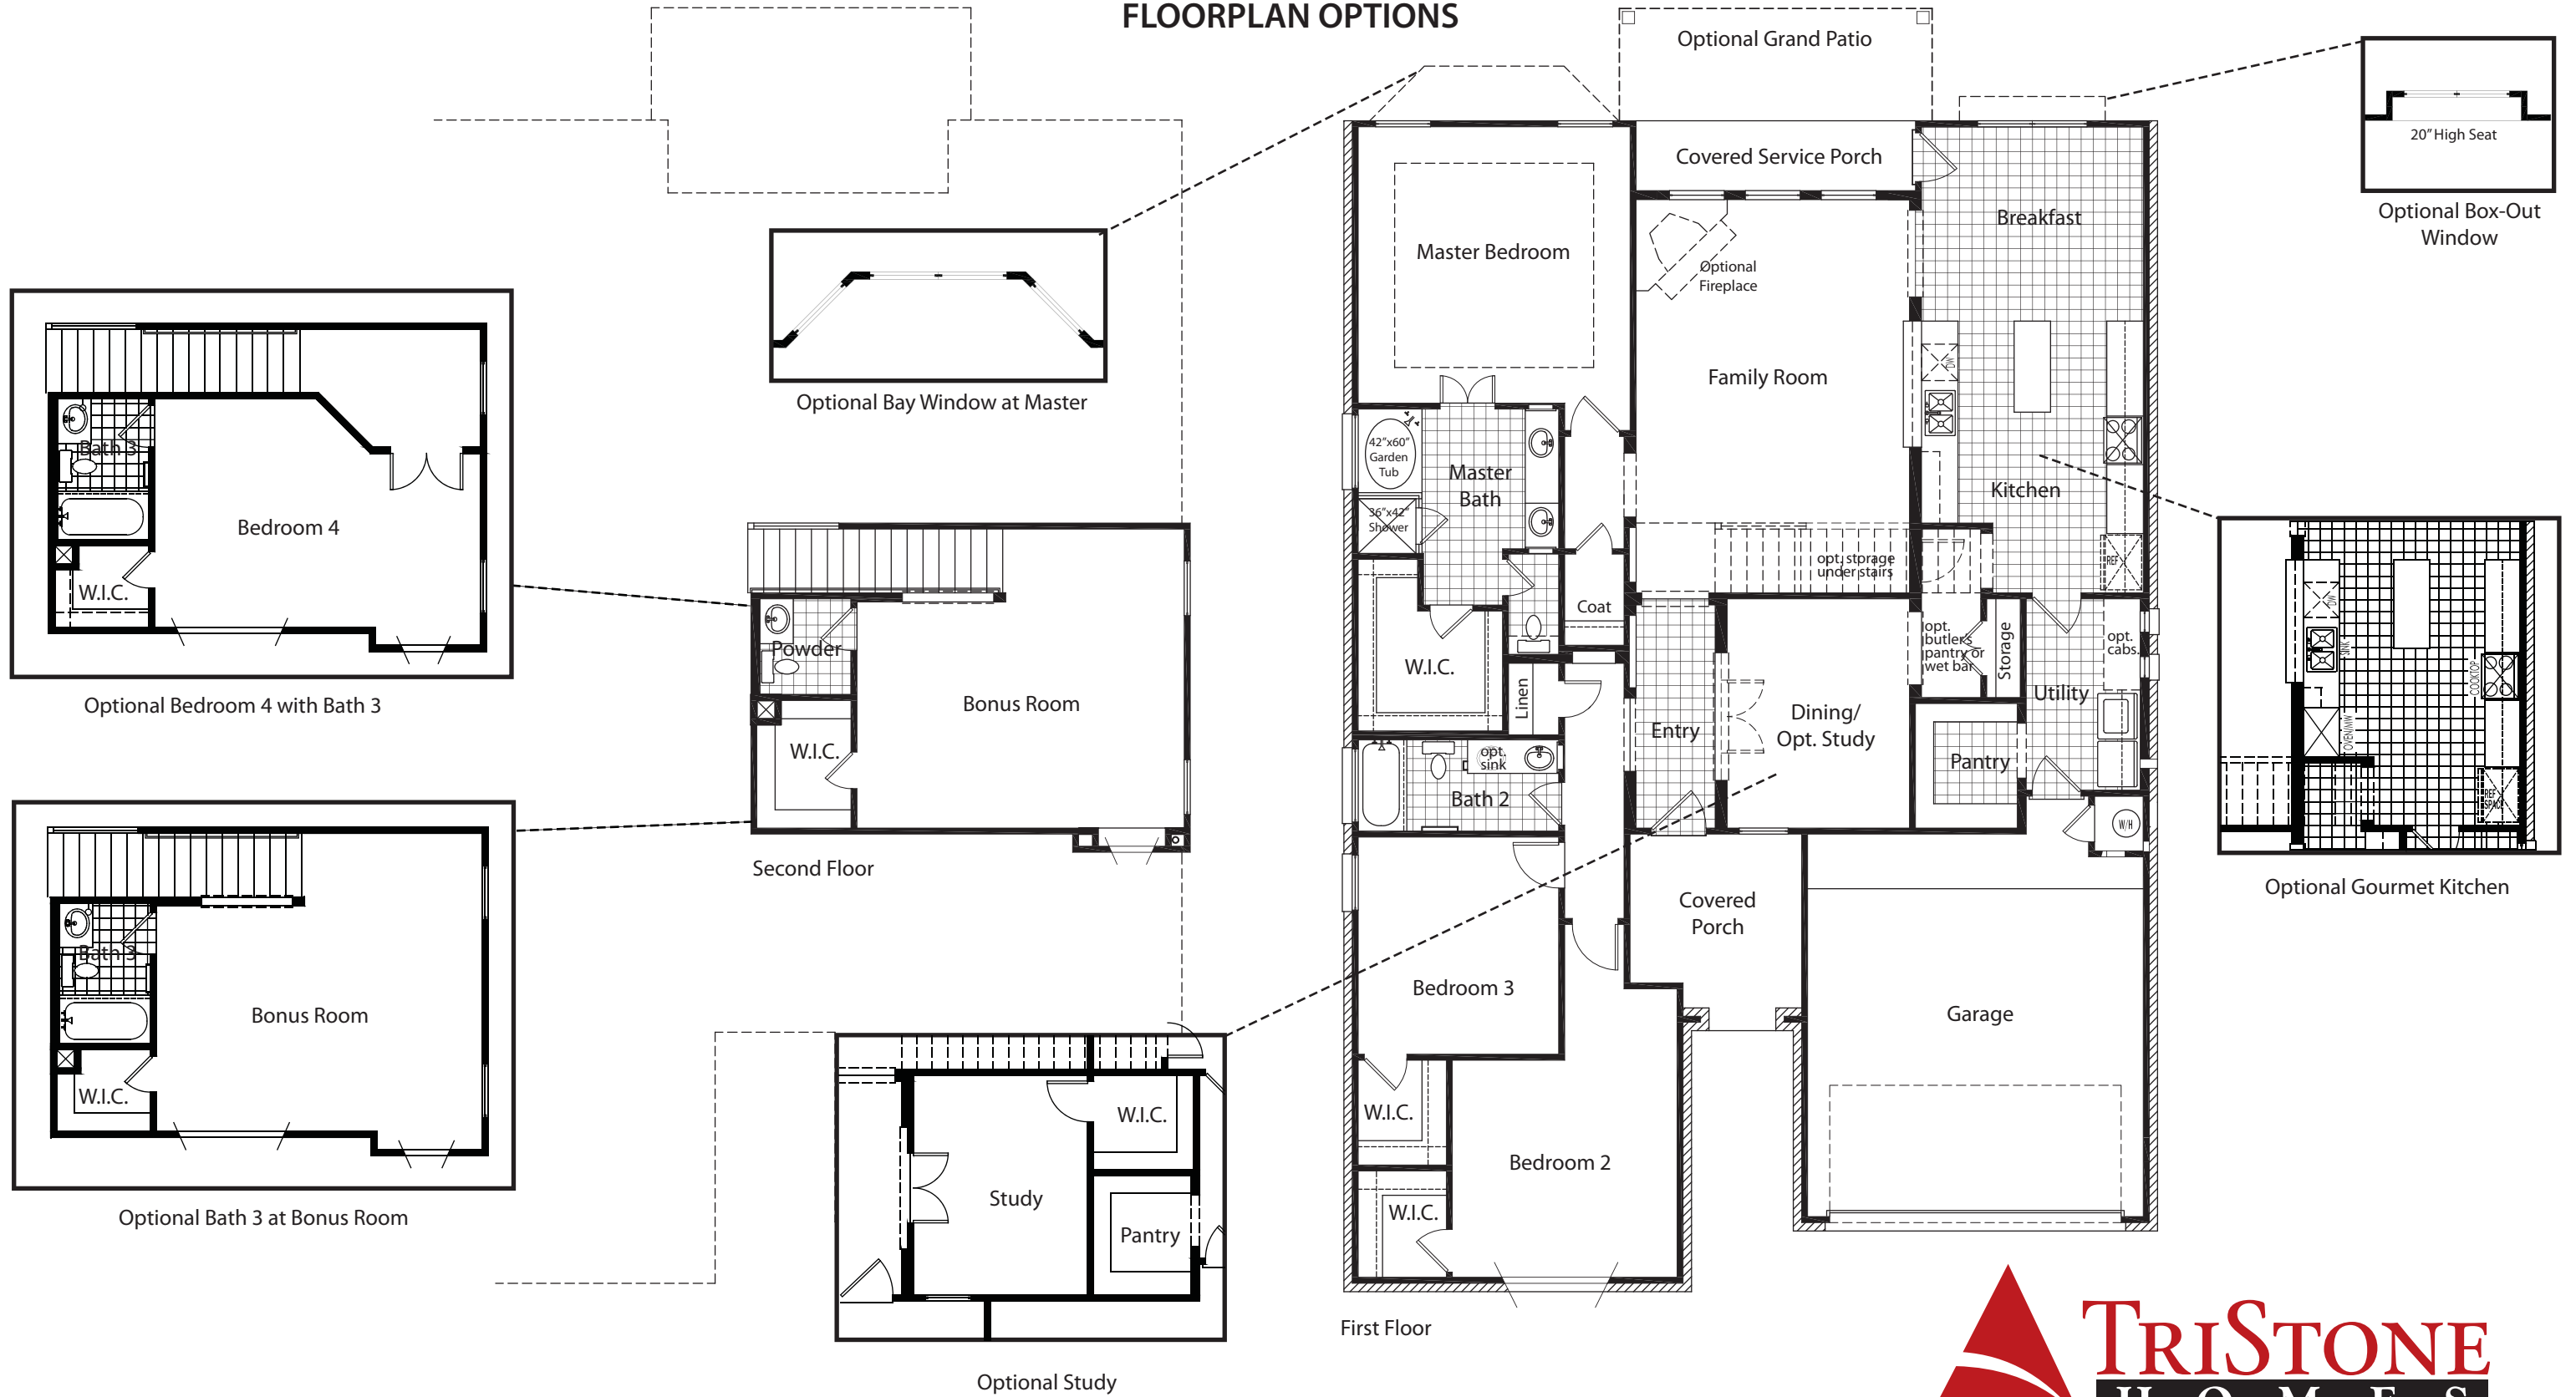

Plan Description

A large covered porch welcomes you home in this 2,421 square foot plan designed with flexibility in mind. Encompassed in the layout are 3 bedrooms with a secluded master bedroom on the first floor featuring a master bath with large vanity, garden tub and separate shower and walk-in closet. The family room features high ceilings and tall windows to bring in plenty of natural light. An optional extended covered patio provides plenty of room for outdoor entertaining. The formal dining options to a study, and a pass-through to the kitchen options to a butler's pantry, wet bar or walk-in closet for the study. The oversized utility leaves room for optional built-in cabinets and the huge pantry offers plenty of storage space. The upstairs bonus room features a powder bath that options to a full bath to service a game room or private fourth bedroom suite.

Like having a home builder in the family.
