2,447 square feet

Plan Description

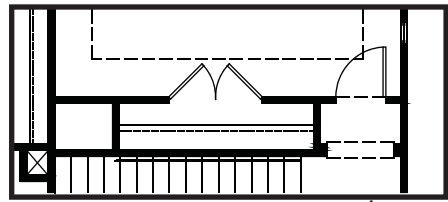

Providing 2447 square feet of living space this plan features an option to 4 bedrooms plus a game room, 2 ½ baths, 2 living, 2 dining and 3 car garage. Perfect for entertaining and large family gatherings, you are welcomed by an open entrance to the formal living and dining areas. As you approach the family room the details of arched openings say "come on in". The kitchen and breakfast areas open to the family room with convenient pass-through serving counter. The oversized utility / pantry is a welcome site as well. The master suite in this home captures the heart of everyone who sees it, featuring walk-in closet and additional windows for maximum natural light. This home has it all!

Like having a home builder in the family.
